GENERAL INFORMATION

Rhizozyne™ Plus is a concentrate consisting of active agents including B vitamins. Rhizozyne™ Plus may promote the soil microbiota by providing sugars for soil microbes.

DIRECTIONS FOR USE

In Furrow: Apply 1 pint of Rhizozyne™ Plus per acre. Mix with water before use. Use a minimum of 4 gallons of total solution per acre for in furrow applications.

Broadcast/soil applications: Apply 1 pint of Rhizozyne™ Plus per acre. Mix with water before use. Use a minimum of 4 gallons of total solution per acre for ground applications.

Injections and irrigation: Inject 1 pint of Rhizozyne™ Plus per acre during planting and early growth stages. Apply 1 pint of Rhizozyne™ Plus per acre during subsequent irrigation as needed.

COMPATIBILITY

USER ASSUMES FULL RESPONSIBILITY to ensure compatibility when tank mixing with other products. It is not recommended to use this product with other surfactants or adjuvants.

STORAGE CONDITIONS

Do not store with food, feed or other material to be used or consumed by humans or animals. Store at temperatures between 40°F and 95°F. Store in original containers only. Keep containers tightly closed when not in use. DO NOT FREEZE.

CONDITIONS OF SALE AND LIMITATION OF WARRANTY AND LIABILITY

The manufacturer warrants that this product is suited for the labeled uses when applied according to label directions. Because of varying conditions, it is impossible to eliminate all risk when labeled directions are followed. Therefore, the manufacturer makes no other implied or express warranty nor is any manufacturer's agent allowed to do so.

Upon purchase, the buyer assumes all risk associated with the use of this product. In the event of damage resulting from a breach of warranty, the buyer agrees to accept a refund of the purchase price of the product as full discharge of the manufacturer's liability.
